## NATURAL THERAPIES CERTIFICATION BOARD NEWS

January 20, 2010

### NTCB Executive Board News:

The NTCB Executive Board recently voted a change in policy to become an Accredited Organization and offer CEUs/training to our members. (As a reminder, all members must list 20 CEUs with their renewal applications to recertify. Previously earned CEUs may be carried for two years for each renewal)

Organizations seeking accreditation with the NTCB must submit a nonrefundable application fee of \$175. The application fee covers the costs of the initial accreditation evaluation by the Executive Board and first year's fee.

Educational accreditation is a type of quality assurance process for our members, under which services and operations of an educational institution or program are evaluated by the NTCB Executive Board to determine if standards are met according to the NTCB Blueprint.

Any natural therapies educational organization may petition the NTCB Executive Board to be recognized as an accredited NTCB educational organization.

Organizations in good standing and accredited prior to January 1, 2010 will not need to reapply and will receive one year of goodwill accreditation. Beginning January 1, 2011, all organizations will be asked to pay their yearly accreditation fee of \$100. Organizations may opt out at any time. Fees are not refunded. To review and/or download complete accreditation procedures, please visit:

Note: Current NTCB certified Supervisors, Instructors and Diplomates in good standing need not apply for accreditation status when offering CEU's to their students, unless they have formed an educational organization and wish to be accredited. Please see CEU guidelines.

**Is your certification expiring?** Check your certificate or email us for your expiration date. Visit our website to pay online and download a recertification form for your designation. You may also mail your recertification into headquarters (address on the application)
